The entrance includes a crew lavatory, a staging galley, two flight attendant seats, as well as two first class seats that can be used by passengers if needed. Both entry doors operational.

The forward lounge includes a three place divan complemented by a single chair, facing a standard two chair club arrangement. A four place conference table is located behind the divan, with a buffet / china storage cabinet behind the club seats. The lounge area is completed by a three place divan and another club seat arrangement.

The master bedroom includes a queen size bed, with en-suite access to a master bathroom with bidet and shower. This bathroom also has another door into the hallway, which could render it usable by other passengers as the case may be.

The aft area includes another VIP bathroom, as well as two four place conference groups with a facing four seat divan. The full service aft galley has both aft doors fully operational for best efficiency and ease of service.
