Interior description:

This beautiful one owner / one operator / one crew 2000 LXS offers an elegant and comfortable 9 passenger interior, with a forward club seating group in the front area, an aft three place divan, and a dual club arrangement in the aft section.

Divan berths to create a comfortable sleeping area, as do all the club seat arrangements.

Both forward and aft monitors have been upgraded to 22 inches, there are six receptacles for plug in monitors, and the aircraft currently comes with 4 each 10.1 inch individual plug in monitors.

High temp convection oven, microwave oven, coffee machine, fully furnished galley, mattresses, bedding, all amenities provided. The soothing and elegant color and fabric selections create a most pleasant and elegant environment for this low hour, impeccable pedigree aircraft, ready for turnkey international operations.

We have participated in the specification process for this aircraft, managed the completion process, and performed the delivery / acceptance / test flights in Little Rock, and have remained involved with it since new until today. Meticulously maintained, interior is in excellent condition, meticulous owner and crew.

This aircraft will be delivered with a fresh C check at Seller's cost.

Aircraft available immediately, offered exclusively by Nexus Aviation, "make offer"
